Attendance

- Research has shown us that missing as little as 10% of the school year will have a negative impact on a student's ability to be successful and to be prepared for the next class level/school year.
- Missing 2 days of school every month will add up to 18-20 days, or 10% by the end of the year.

RHS ATTENDANCE POLICY & PROCEDURES			
Students struction excused	Attendance line	(425) 936-1810	able in- es of
	Absences	Attendance will be taken daily in class. Teachers are responsible for taking accurate attendance. An absence is missing a class altogether or arriving more than ten minutes late. Students arriving late or leaving early should check in at the attendance office. All students MUST sign in and sign out in the attendance office. Parent communication is required for early dismissal prior to the time of dismissal.	
Illness, r	Responsibility	Students and their families are responsible for school attendance. The parent or guardian of any student who is absent from class should leave a phone message with the Attendance office within 48 hours of the absence to explain the circumstance around the absence. After 48 hours, the absence will be considered unexcused.	
	Pre-arranged absences	Students planning on missing school should complete a pre-arranged absence form 5 days prior to the absence. This allows the teachers an opportunity to give feedback on the effect the absence will have on the student. Teachers may use this as an opportunity to arrange make-up work times and locations.	
	School related absence	Our students are encouraged to participate in a variety of school activities and must deal with important school business on occasion. These absences are excused and are not considered in the student's total absences. The advisor or administrator is responsible for excusing the student.
